Dear Colleague:

Enclosed is Intermountain Health Care's Annual Report for 1990. If you have ever wondered what IHC is doing to provide physicians with a quality environment in which to practice, the report contains some answers for you.

In 1991, IHC received the highest award for quality conferred by the health care industry--*The Healthcare Forum/Witt Award: Commitment to Quality*. Our Annual Report describes some of the efforts undertaken by our employees and associated medical staffs which led to our selection for this honor.

We appreciate the support we receive from you and so many others in the Intermountain area. Please let us know what you think about the job we're doing and how we can improve.

Sincerely,

Cecil O. Samuelson, M.D.
